By Facsimile

Sir:

This is in response to an Office Action from Examiner Wegert mailed on January 18, 2002 in which a restriction requirement was issued for the above referenced application.

By way of response, Applicants hereby elect claim group III, claims 4-5, 8-11, and 22-23 directed to nucleic acid molecules, vectors, host cells, etc., for examination and have canceled claims corresponding to the non-elected groups I-II and IV-XI.

With respect to the sequence election requirement, Applicants elect SEQ ID NO:2 ["Group (b)"] for search. Applicants claim the genus of nucleic acids that encode SEQ ID NO:2 such as, for example, SEQ ID NO:1.
